

CRESCENSIO J. CANJA

Blk. 40, Lot 14, Phase II Sugar Valley Subd.

Talisay City, Neg. Occ. Philippines 6115

Contact No. +966572115260

Email: canja269@gmail.com

Skype: Cris Canja

**Objectives:**

To obtain a career with an institution that offers opportunity for advancement and enables me to contribute to its development using my skills.

Qualification:

- Graduate of Bachelor of Science in Industrial Technology, major in Mechanical technology.
- Over eight years working as a Machinist both manufacturing and maintenance.
- In depth knowledge of Mechanical procedures and Machine shop terminology.
- Remarkable knowledge of Equipment fabrication, Modification, and repair practices
- Hands-on experienced in executing Activities in an industrial plant.
- Outstanding knowledge of Hydraulics, pneumatic, and Material management.
- Extensive knowledge of equipment Alignment, reverse dials and rotating.
- Familiarity with precision Instrument, metallurgy, and cause and failure analysis.
- Ability to carry heavy objects diligently.
- Ability to use and repair various Industrial grade lubrication Equipment, effectively.

Employment Record:

GULF ASIA CONTRACTING COMPANY LLC,

MAADEN PHOSPHATE COMPANY

Millwright Fitter

Turaif, Saudi Arabia

Date: November 2020 to Present

Duties and Responsibilities:

- Reading diagram and schematic drawing to determine work procedure.
- Installing stationary industrial machinery and mechanical equipment according to lay out plans using both hand and power tools
- Inspecting and examining machinery equipment to detect irregularities and malfunction.
- Adjusting machines and replacing defective parts.
- Operating machine tools to fabricate parts required during overhaul, maintenance or set-up of machines.
- Insuring operating safety devices functions properly on completion of repairs, modifications and installations.

- Sharpening and maintaining machine tools.
- Participating in PM on all Equipment for continuous improvement of all machines.
- Keeping detailed and accurate maintenance reports and documentation.
- Cleaning, Lubricating and performing other routine maintenance work on machines.
- Adhering to workplace safety policies, regulations and compliance.
- Maintaining a clean and environmentally safe work area.
- Performing other related duties assigned.

JIZAN REFINERY ARAMCO (Project)

Machinist, Digital Lathe Machine Operator

Jizan Economic City, Saudi Arabia

Date: August 2016 to October 2020

Duties and Responsibilities:

- Setup and operate a variety of machine tools to produce precision parts and instruments. Includes precision instrument makers who fabricate, modify, or repair mechanical instruments.
- Calculate dimension and tolerances using knowledge of mathematics and an instrument such as micrometer and Vernier caliper.
- Measured, examined and tested compiled units in order to detect and ensure conformance to specification, using precision instruments such as micrometers.
- Machine parts to specification using machine tools such as lathe, milling machine, shapers and grinders.
- Reviews drawings, instructions, blue prints or samples to ensure accurate productions.
- Maintains a safe and clean work station.

NASSER AL HAJRI CO. LTD.

Millwright Fitter (Maintenance Dept.)

Yasref Yanbu, Saudi Arabia

Date: June 2015 to August 2016

Duties and Responsibilities:

- Replace defective parts of machine or adjust clearance and align of moving parts
- Align machines and equipment, using hoist, Jack, hand tools, squares, rules, micrometer, and plumber.
- Connect the power unit to machines or steam piping to equipment and test.
- Assembly and install equipment using handtools and power tools.
- Repair and Lubricate machine and equipment.
- Insert shim, adjust tension, parts, using hand tools, and measuring instrument, to set the specified clearance between moving and stationary parts.

- Moving machinery and equipment, using hoist, dollies, rollers, and trucks.

NASSER AL HAJRI CO. LTD. CRISTAL GLOBAL

Machinist

CRISTAL GLOBAL (Titanium Dioxide Company)

YANBU Saudi Arabia

Date: May 2012 to May 2015.

Duties and Responsibilities:

- Operate and maintain lathe machine, milling machine to produce precision parts such as pumpshaft, flanges, fittings, bolts and nuts.
- Reviews drawing, instructions, blueprints and samples to ensure accurate production.
- Planning sequence of necessary actions for job completion.
- Materials preparation for machining using digital hacksaw.
- Monitor machine while working to adjust the feed, maintain temperature and identify issues.
- Check output to ensure consistency with specifications and discuss defects.
- Maintain routine machine maintenance and repair minor damages.

EDUARD'S METAL INDUSTRIES

Lathe Machine Operator w/TIG Welding

Bacolod City, Neg. Occ. Phil's

Date: November 2006 to February 2012

Duties and Responsibilities:

- Setup, adjust, and operate all of the basic machine tools and many specialized or advanced variation tools in order to perform precision machining operation.
- Align and secure holding fixtures, cutting tools, attachment, accessories, and materials into machines.
- Monitor feed and speed of the machine during operation.
- Study sample parts, blueprints drawing, and engineering information in order to determine methods and sequences of operation needed to fabricate products, and determine product dimension and tolerances.

DUNLOP SLAZENGER PHIL'S INC.

On the Job Training (OJT)

Engineering Department (Tennis Ball Production)

Date: April 2005 to October 2006

Duties and Responsibilities:

- Assigned to the engineering department of the company.
- Attend the actual job training, hands-on the machine and learn the quality standard of the company.
- Learn the actual troubleshooting work executing and the company work system flow.
- Learning how the Engineering job supports the company and its efficiency.
- Operate manual Lathe, milling, surface grinder and radial machine, for repair and fabrication of parts.

Educational Information

Tertiary Level: Carlos A. Hilado Memorial State College, Bacolod City Negros Occidental

Course: Bachelor of Science in Industrial Technology Major in Mechanical Technology

Yr: 2002 to 2006 (4 years Degree Course)

Secondary Level: Luisa Medel National High School, Bacolod City Negros Occidental

Yr. Graduated: March 2002

Elementary Level: Central Maa Elementary School, Bago City Negros Occidental

I have a total of nine (9) years working experience. My current location is in Golf Asia Turaif, Kingdom of Saudi Arabia. I joined May 2012 until October 2022. With current Salary of Sar 2500. My expected Salary for my new application is Sar 5000.

I hereby sign that the following information stated above is true and correct.
