Re: Application for job vacancy

Good day;

I'm currently looking for any position in your company which has in my experience so I have enclosed my Curriculum Vitae/ resume herein for your better inspection. I have been working experience with the several companies local and abroad for more than 15 years until I became proficient as a professional welder. I also have excellent worker as well as I able to communicate with different types of people over 15 years in this field hands on experience in all trades. Excellent skills and knowledge offering years of experience in operation to a company in need. My dynamic personality professional experience qualifies me as a strong candidate of your need for the position that suited to my field and I am so confident that I could make a great contribution for the successful of your company. An established and progressing company of your status will surely be hiring efficient and hardworking people in the company to maintain a stellar position in the industry and I would be pleased to get an opportunity to show you what I have accomplished during my prior work experience. My degree of motivation has been recognizes and has been beneficial to organization that have trusted my skills. With your growing success and passion for excellent. I know that this career change will be a great professional opportunity for me. My background experience has enable me to provide the essential level of service in a courteous professional and in efficient manner. I'm certainly dedicated toward my work and can even work under stressful and critical situation. I 'am teachable and capable of learning quickly and effectively moreover. I 'am a team player with value service awareness. Not to mention my optimistic drive to produce result.

I find it a pleasure to further discuss my qualifications with your good office, especially the kind of contribution that I can give to your company.

Please see my curriculum vitae for additional information on my experience. I am available anytime and can be reached to my contact details as I mentioned above.

I wish to meet you in person and look forward for your positive reply
