To Whom It May Concern

From: Sameh Omran
Mechanical Engineer

Date: January 12, 2010

Subject: Recommendation

Dear Sir,

I want in this letter to draw your attention to know that we have an exceptional employee, Merlon, a Hydro Testing Technical Clerk. His patient manner was a great help to us when the frustration was at an all-time high in this project. His knowledge of the responsibilities, duties and his remarkable leadership abilities are rare indeed. His attention to detail helped our work move smoothly, without a single legal snag. I commend his attention to detail. He is the most thorough supervisor I have had work on our books.

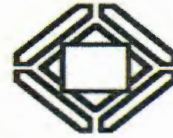

If the quality of a firm's employees is an indication of future success, then Merlon has a very bright future.

Regards,

Sameh Omran
